## Green Island

(Ref: BIG Pak6)

Green Island is a beautiful 6000 year old coral cay. Part of a protected Marine Park, Green Island is readily identified from the air by its emerald rainforest surrounded by white sandy beaches and beautiful coral reefs. Discover the fascinating underwater world among the coral reefs surrounding Green Island where you will see an endless variety of colourful fish, turtles, giant clams, starfish, shells, anemones, eels, sponges, sea urchins and many more incredible marine creatures. Green Island is the perfect place to snorkel, scuba dive, swim all year round, view the coral and fish life from the comfort of a glass bottom boat or semi-submersible or just relax on the sandy beaches.
