

The Infinity Times

Welcome!

We would like to introduce the Infinity '06 project management team: Ti Le, Piroj Palsule, Sami Ahmed, Nikhi Jitendran and James Niamsheed.

Most of you would have already become acquainted with us during the two events held (BBQ and photo session).

This year promises to be an exciting one for graduating students who are undertaking their final challenges in their degrees. We hope to provide a forum for which

The Infinity 06 BBQ was held in week 4 and was a great success, thanks to you. It was an opportunity to formally introduce ourselves to the Electrical Engineering community.

Music, food and drinks were on hand and a suggestion box allowed students to voice their opinion on what they feel needs to be done this year to increase post university awareness. These suggestions are currently being processed and we will endeavor to do our best to fulfill your needs.

all of you may voice your questions.

We will provide opportunities for students to network with industry professionals. Many other events are also planned

We would greatly appreciate your continued participation and we look forward to working in conjunction with you to make this year an overriding success.

Sizzling BBQ and Snappy Shots

The Thesis Photo session took place in the following week. We would like to once again express our great appreciation for the majority attendance during the two day session. These photos will be available on the Infinity '06 website scheduled to be up and running in the next few weeks.

The photos will allow industry representatives to associate faces with the thesis being undertaken as well as being a personal momento for your final year challenge at uni.

ISSUE 1

April Issue
